### Product Description

## Gravely Pro-Turn® EV 60" SD 997001

The first all-day electric commercial zero-turn. They run quieter while delivering the power and performance you expect from Gravely. Powered by FusionCore - the industry's first swappable lithium-ion battery system. FusionCore QuikSwap batteries are designed with flexibility in mind, ensuring you and your crew have the ability to continue cutting all day and beyond. Once again, Gravely is driving innovation and taking full charge of the new electric frontier.

### KEY FEATURES

- **FusionCore QuikSwap Batteries:** FusionCore QuikSwap batteries are designed with flexibility in mind, ensuring you and your crew have the ability to continue cutting all day and beyond. Once again, Gravely is driving innovation and taking full charge of the new electric frontier.
- **X3 Constant Drive Spindles:** Our proprietary spindles are designed to prevent motor damage by absorbing blade impact, protecting the machine from those unavoidable, accidental run-ins with ordinary obstacles. Spindles are easily serviceable, allowing you to rebuild and not replace.
- **Next-Gen Wheel Drives:** Commercial durability and comfort reign supreme. Transaxles are driven with a brushless electric drive motor coupled with a planetary gearbox that increases torque. Your ride will feel the same as a gas-powered machine...minus the vibration, noise, and exhaust.
